MEMORANDUM FOR: Chief, Signal Officer, Department of Army
ATTENTION: Chief, Research and Development Division
SUBJECT: Communications System, AS-4A
REFERENCE: [redacted], dated 18 April 1958

1. Recently the first phase of the engineering evaluation of a prototype AS-4A was completed. This consisted of a three week period of transcontinental transmissions utilizing the complete automatic facilities of the system. Shortly there will be another phase of tests within the United States. Following this second phase of cross-country testing it is intended that the transmitting terminals of the system be moved to Europe to facilitate the transatlantic portion of the evaluation.

2. We are presently establishing [redacted] [redacted] When these clearances are completed our R&D project engineer will arrange through your [redacted] [redacted] for technical discussions concerning the evaluation and the results thereof.

3. We are most happy to cooperate with you in this matter and hope you will not hesitate to call upon us if you have need for further information.
